Alex Kukunis / Lead Product Designer

/ summary

Product designer with 8+ years across FinTech, healthcare, and e-commerce, and a founder who ships end to end: research, design systems, A/B-tested funnels, AI-enhanced experiences, and production code.

/ work experience

LawReach
Founder & CEO
Remote
Self-employed
Jan 2026 – Present

- Founded and lead an AI marketing platform for law firms: multi-tenant, auto-generated SEO websites, an AI content engine, and a 24/7 AI intake assistant.
- Run agency-style growth for firms: on- and off-page SEO, Google Business Profile and map-pack optimization, PPC, and social campaigns.
- Earned a family law client first-page Google rankings across multiple keywords and recommendations in AI/LLM search (GEO). Case study at alexkukunis.com.

RareMade Labs
Founder & Lead Product Designer
Remote
Self-employed
Mar 2025 – Dec 2025

- Designed and built Stumble, a dating app that replaces swiping with real-time, geofenced matching at the places users visit. Took it from concept to live on the iOS App Store as sole product designer, reaching 5K+ users within 3 months.
- Designed and built a mobile app for Cozies, a maternity apparel brand, that organizes clothing by stage of pregnancy.

Dealer Tire (SimpleTire)
Senior Product Designer
Cleveland, OH (Remote)
Contract via Robert Half
Jul 2024 – Feb 2025

- Redesigned a 5-step e-commerce purchase journey using A/B testing, persistent progress tracking, and contextual confirmation strips, cutting cart abandonment from 68% to 42% and lifting conversion from 2.8% to 4.0%.
- Drove mobile-first UX across iOS and Android (+20% mobile conversions); led usability sessions with OEM dealers and partnered with engineering on design system improvements.

Ascendum Solutions
Product Designer (UI/UX)
Cincinnati, OH
Feb 2020 – Nov 2022

- **PayTile (FinTech):** led design of a peer-to-peer proximity payments app to 94% task completion and 800 daily active users within 3 months; built a three-tier privacy consent model from 12 interviews and a 108-participant survey.
- **Anthem Blue Cross Blue Shield (Sydney Health):** designed in-app live chat that cut response time to under 2 minutes across 50K+ interactions in 6 months; made HIPAA security visible at entry and passed third-party review without changes.

UltraWeb Marketing
Product Designer
Remote
Jan 2016 – Feb 2019

- Designed Shopify e-commerce experiences that grew client sales 30% and retention 15%; built and maintained design systems across multiple client brands.

/ education

Florida Atlantic University
Boca Raton, FL
2011 – 2013

Studied toward a BSc in Visual Communication, 100/120 credits completed
